

Vacuum gripping systems | Area gripper FSG

Replacement foam for area gripper FSG

Replacement foam for area gripper FSG

Product notes

- > Material EPDM, resistant to weathering, ozone and most acids and alkalis. Not resistant to oils and greases.
- > Good stand-up behaviour for short cycle times.
- > Applied on strong self-adhesive film for quick and easy replacement of the foam on the area gripper
- > The foam on the film comes off the area gripper without leaving residues
- > As filter foam with plastic fabric with hole size 0.1 mm for applications in dusty and dirty environments – on request
- > As valve foam for handling cans, jars, bottles, etc. – on request

Technical data

Item no.	Model	Number of suction cells
FSG.ACC130.295.5F20	Standard foam	53
FSG.ACC130.434.5F20	Standard foam	83
FSG.ACC130.572.5F20	Standard foam	113
FSG.ACC130.711.5F20	Standard foam	143
